RECYCLED PAPER: see ECO-100 line & back page

Dear Supply Manager and Teachers,

We appreciate your continued interest and support over the last 2 years. We have, to date, focused mainly on improving our product selection and features.

This year we have focused on improving our service.

Note: PRICING FOR 2010 will remain the same unless there is a late paper increase

SERVICE IMPROVEMENTS in 2010

- PACKAGING Books now shrink-wrapped either 6/pkg or 12/pkg
- LABELING - Packages are labeled with product description
- LARGER INVENTORY for orders placed early

PRODUCT CHANGES

- COVER COLOR(s) – to date the only color change is ECO-100, Cranberry to Beet (very similar).
- NEW ITEMS WERE ADDED IN 2009
 - ONIONSKIN BOOKS now in our 3 standard sizes
 - ECO-100 books now 5 color choices
 - LARGER BOOK ADDED - 12 x18 in both wide & tall
 - BOOK PARTS group added for make-ur-own books
- We appreciate your suggestions and continue to encourage you to advise us! Thanks

TEXT AND COVERS — ENVIRONMENTAL AND ARCHIVAL INFORMATION:

▶ COVERS

BASIC: Archival and acid-free, lignin-free, FSC Certified, Green-E® Certified, selected colors made from 20% post-consumer waste.

PRIME: Archival and acid free, made with wind generated electricity made from 30% post-consumer waste.

SUPREME: Archival and acid free, lignin free, PCF made with minimum of 50% total recycled fiber including 30% post-consumer waste.

ECO-100: Archival Process Chlorine Free (PCF), FSC Certified, Cypress, Marigold made from 100% post consumer waste, Other 30%.

▶ TEXT PAPER

STANDARD TEXT PAPER: Archival, acid free, PCS, FSC Certified.

ECO-100 TEXT PAPER: Archival and acid free, PCS, FSC Certified, Ancient Forest Friendly, Green-e made from 100% post consumer waste.

Processed Chlorine Free (PCF): Recycled paper in which the recycled content is unbleached or bleached without chlorine or chlorine derivatives. Any virgin material portion of the paper must be TCF. This is as good as it gets. Go straight to heaven, do not pass GO.

Ancient Timber Old Growth Fiber Free: Archival and acid free, FSC Certified.

Post Consumer Material: Those end products generated by consumers that have been separated or diverted from solid waste stream.

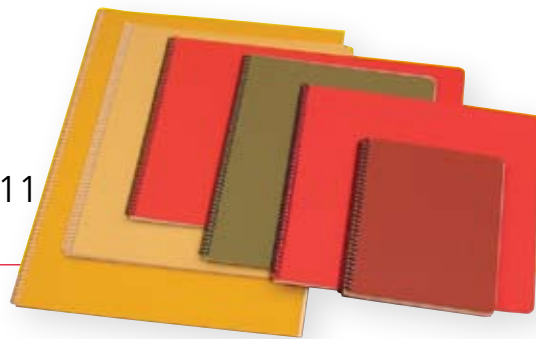

FSC: Forest Stewardship Council (FSC) is a nonprofit organization that encourages the responsible management of the world's forests and sets standards that ensure forestry is practiced in an environmentally responsible, socially beneficial and economically viable way.

Acid Free (Neutral pH): Acid-free papers are manufactured in an alkaline environment, which prevents the internal chemical deterioration of the paper over time. The addition of calcium carbonate as a buffer also makes the paper resistant to the effects of an external acidic environment.

Green-e®: Manufactured with electricity that is offset with Green-e Certified renewable energy certificates.
